About the University

Central Tribal University of Andhra Pradesh (CTUAP) is a Central University established by the Government of India in the state of Andhra Pradesh. It is dedicated to providing higher education and research opportunities to the tribal communities of the region. The university was established in the year 2017 with a goal of uplifting the education and economic status of the tribal communities in the region.

The university offers undergraduate, postgraduate, and doctoral programs in various fields such as arts, science, commerce, management, and technology. The programs are designed to provide a comprehensive education to students and prepare them for successful careers.

The university has a well-established placement cell that provides support and guidance to students in securing employment after graduation. The cell works closely with a number of reputed companies and organizations and helps students in finding suitable job opportunities. The cell also provides training and support to students in areas such as building resumes, interview skills, and communication skills.

In addition to this, the University also offers internship opportunities to students in various reputed companies and institutions. These internships provide students with hands-on experience in their field of study and help them build their professional network.

CTUAP is a great place for students who are looking for a quality education and opportunities for personal and professional growth. With its focus on providing education to tribal communities and its commitment to student success, CTUAP is poised to make a lasting impact in the region.

VISION

"To be a University of excellence in the domain of higher education, committed to providing an environment conducive for teaching and learning, by offering outstanding, relevant academic programs, to promote individual, cultural and environmental progress of the people, especially tribal, of the State of Andhra Pradesh, the Nation and the World".
